4. Amendment to Collected Rules and Regulations 350.050 Seniority, UM

Collected Rules and Regulations 350.050 Seniority, shall be amended for clarification to read as follows:

350.050 Layoff

Bd. Min. 2-19-67, p. 32,163; Amended Bd. Min. 9-7-79; 7-22-83; 7-27-84; 7-26-85; 9-26-97, 6-5-09.

Layoff is defined as the cessation of regular employment due to a permanent or temporary reduction in force. Employees laid off due to a reduction in force retain seniority accumulated to the date of layoff, for a period not to exceed one year. All things being equal, job security shall be commensurate with an employee's seniority. If the abilities, skills, training, and other relevant qualifications to fill existing positions are considered equivalent among affected employees, the employee with the longest seniority will be retained and the employee with the shortest seniority will be the first to be laid off.

The University reserves the right in any given instance, to determine if an employee possesses the relevant qualifications such as ability, training, and skill to fill the position.

- A. **Seniority** -- For regular Administrative, Service and Support employees, other than Service and Maintenance personnel, seniority consists of continuous service in the same department. If relative service among employees is equal, the employee with the

greatest University service is the most senior employee. For Service & Maintenance employees, see Understanding of Policies, Article VIII, Seniority. The definition of seniority for service and maintenance employees as outlined in the Understanding of Policies is applicable only if the University has a signed agreement with the unions. If no agreement exists, the definition of seniority for regular Administrative, Service and Support employees will apply.

- B. **Retention and Accrual** -- Seniority accrues from the first day of regular employment. Seniority should not impact employment decisions for regular employees until the completion of the probationary period. An employee who is laid off retains his/her seniority for a period of one year from the effective date of the layoff but does not continue to accrue seniority during the layoff leave of absence. In the event an employee who is notified of a layoff or who has been laid off transfers to another department, he/she continues to maintain seniority in the department where the layoff occurred for a period of one year from the effective date of the layoff or the transfer, whichever occurs first. During a work-related injury or military leave of absence, an employee continues to accrue seniority.
- C. **Recall** -- The University shall, in its sole discretion, after a reduction in force, determine the occasion and the advisability of recall of part or all of the laid off employees. The University shall consider seniority, ability, and qualifications, as well as the nature of the jobs for which the employees will be recalled.
- D. **Hiring Preference** -- Employees retain preferential hiring rights in the department in which they have been laid off. "Hiring preference" within a department shall mean that if laid off departmental employees meet the stated qualifications the department may only consider the laid off employee(s) and other benefit eligible employees in the same department for openings in that department. "Department" is defined as an organizational entity that has fiscal, programmatic and administrative responsibilities for employees.
- E. **Eligibility** -- Regular Administrative, Service and Support employees who have satisfactorily completed their probationary periods are covered by this policy with the exception of executive

and managerial employees.

- F. **Benefits** -- Eligible employees with a minimum of five (5) years of continuous regular employment with the University immediately prior to layoff, will be placed on a layoff leave of absence for one (1) year from the effective date of layoff. Eligible employees with less than five (5) years of continuous regular employment with the University immediately prior to layoff, will be placed on a layoff leave of absence for three (3) months from the effective date of layoff. During the layoff leave of absence, the employee would be eligible to participate in the University's benefit programs. The University will continue to pay its portion of the benefit premiums during the layoff leave of absence.
  - G. **Service Credit** -- The period of leave of absence is excluded in computing length of service under the University of Missouri Retirement, Disability, and Death Benefit Plan; however, the leave of absence does not constitute an interruption of service. A layoff leave of absence does not count toward vesting in the University of Missouri Retirement, Disability and Death Benefit Plan.
5. Amendment to Collected Rules and Regulations 340.100 B.5. Leave Without Pay, UM

Collected Rules and Regulations 340.100 B.5. Leave Without Pay, shall be amended to conform to other rules and regulations concerning the leave period, as follows:

340.100 Leave Without Pay

Revised Bd. Min. 10-9-81; Amended Bd. Min. 7-22-83; Amended Bd. Min. 9-26-97; Bd. Min. 5-24-01; 06-05-09

- A. **Eligible Employees** -- Any regular administrative, service and support employee may be granted a leave of absence without pay when approved by the proper authority in order to preserve his/her employment rights and benefits.
- B. **Conditions for Granting Leave**
  - 1. All leaves of absence without pay of 30 calendar days or more must be approved by the Board of Curators or their delegated representative. Such leaves in excess of thirty (30) calendar days will become effective retroactive to the first day without pay. Leaves of absence of less than 30 days may be handled as excused absence. (See Section 340.010 tardiness and absence.)

2. A leave of absence may be granted for a period not to exceed one year but may not extend past the ending date of the employee's appointment. When Long-Term Disability benefits commence, a leave of absence ends.
3. Extensions of approved leaves of absence, not to exceed one year each or extend beyond the ending date of the employee's appointment, must be approved by the Board of Curators or its delegated representative.
4. A leave of absence without pay may be granted when the requirements of the department permit and when such leave is for prolonged illness or injury extending beyond accumulated vacation or sick leave; maternity cases; or for any exceptional personal or institutional reason if requested by the employee and recommended by the dean, director or administrative head, and approved by appropriate authority.
5. An employee in a unit which periodically and temporarily closes down or reduces the extent of its operation for specific periods of time not in excess of three months may be granted a leave of absence during these periods when it is agreed that the employee will return to work at the earliest date his services are required. Leaves for temporary close downs may not be extended beyond the period of three months.

During the pilot period a Student Legal Services Attorney may be employed by the University and appropriately supervised by the Office of General Counsel, or its designee, to represent students on landlord-tenant or consumer issue cases, including providing legal advice, corresponding on behalf of student clients, conducting legal research, and representing students in legal and administrative actions relating to landlord/tenant matters and credit issues, in addition to the current Legal Educator position, which would continue to provide legal education to students, individually and through seminars and written materials. Before the end of the pilot and at a reasonable period before any renewal is sought, a report must be provided to the Board of Curators showing the number of students seeking such services, the number of cases filed, their disposition, and a complete breakdown of costs of the pilot as well as a point-by-point comparison with the current legal educator program.
