### Overview

This document contains the approved rates for student housing, activity, facility, and health service fees for Fiscal Year 2013 and other supporting materials as submitted by each campus in the University of Missouri System. This information was prepared in support of fee changes that become effective in Summer Session 2012.

The fee proposals were prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes are conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by the Assistant Vice President of Planning and Budget. The appropriate advisory groups, affected students, and/or their elected officers reviewed and approved the activity, facility, and health service fee proposals. Student housing rate proposals were developed with input from the affected students and the Residence Hall Associations. These groups had the opportunity to review, ask questions, and provide comments as the proposed room and board rates and plans were developed.

These rate changes are in compliance with SB 389 (section 173.1003; RSMO) unless otherwise noted. There are no increases in required fees that exceed the annual rate of inflation, which was 3.0% as of December 2011. Increases in required fees are MU 2.9% or \$11.16, UMKC 2.9% or \$13.15, MS&T 2.3% or \$9.90 and UMSL 3.0% or \$13.80. Table 1 shows a summary of fee increases approved by the Board of Curators, with details for tuition, other required fees, and room and board charges for academic year 2013 compared to 2012.

Notes:

Based on average fees for a resident undergraduate student at fifteen credit hours per semester for 2 semesters.
 Predominant plan as submitted by each campus.

## **Housing System Highlights**

## **Room and Board Contract Rates**

Room and board charges vary across the four campuses and within each campus based on the residence facility and meal plan selected by the student. Table 2 summarizes the changes in the predominant room and board plans on each campus as well as showing the range of plans available. Based on the predominant room and board plan on each campus, rates will increase by 3.5% at **MU**, 3.3% at **UMKC**, 4.4% at **MS&T**, and 2.9% at **UMSL**. These increases are driven by various factors that impact housing and dining differently and the campus operations differently. Tables 2a - 2d detail the type of rooms and meal plans that are available on each campus as well as the approved rates for each plan.

## Table 2. Summary of Housing Contracts, Effective Beginning with the 2012 Summer Session

At **MU**, the predominant room and board plan costs \$8,525 for the FY2013 academic year and consists of a renovated traditional double room and a meal plan that provides 225 meals per semester (roughly 14 meals per week). There are a wide variety of accommodations and housing facilities to choose from. Housing rates for the FY2013 academic year range from a high of \$8,245 for a single suite open during breaks to a low of \$4,470 for an un-renovated traditional double room. Three different meal plans are available and range from a high of \$3,380 per academic year for 275 meals per semester to a low of \$2,560 for 175 meals per semester.

Housing rates increased by 4% to 4.1% depending on the type of housing accommodation. Housing rates reflect the required financial commitment to the Residential Life Master Plan including debt service payments for 11 new and 7 renovated residence halls – over 5,250 beds since 2004. The primary drivers of the housing rate increase are an anticipated 2% increase in compensation, utility rate increases of approximately 6%, and a slight increase in mandatory transfers for debt payments. Reductions in transfers to plant reserves for maintenance and repair were used to balance the budget and keep rates affordable after other cost reduction efforts were exhausted. The combined room and board contract rate for the predominant plan increased by \$285 or 3.5% for the academic year.

The Residential Life Master Plan calls for Mark Twain to be offline in FY2013. To meet student needs, extended campus apartment rental will continue and revenues and expenditures for this activity will slightly increase.

Increases in monthly rents for family student housing range from 3.6% to 4.4% depending on the facility and room type.

At **UMKC**, the predominant room and board plan for FY2013 will cost \$9,044 per academic year and consists of a traditional double room and a 180 block meal plan with \$175 in Flex cash per semester. This is an increase of 3.3% over FY2012. At UMKC, room rates increased by 3.0%. Room rates vary by type of room ranging from a high of \$7,850 for a single room with a private bath to a low of \$6,203 for a traditional double room. Capacity is unchanged at 884 beds and occupancy is anticipated to decrease by 4.7% to approximately 94%.

At UMKC, food service is outsourced to a third party vendor. Meal plan rates increased by 4% per adjustment clauses in the third party contract. Five different meal plans are available ranging from a high of \$3,061 per academic year for 140 block meals with \$300 Flex cash per semester to a low of \$2,734 for 12 meals per week with \$175 Flex cash per semester.

UMKC's housing revenues are expected to increase by 3.3% or roughly \$186,000. Expenditures and transfers are anticipated to increase by 3.3% or an estimated \$186,000 with assumptions for an overall 2.8% compensation increase, 7.9% increase for utilities, 8.3% increase in repairs and replacements, and 3.0% for increase in other expenses. With these assumptions, Housing System Financial Plans result in a balanced FY2013 budget.

At **Missouri S&T**, the predominant room and board plan costs \$8,360 per academic year for FY2013 and consists of a Thomas Jefferson North renovated double room and 15 meals per week plus \$67.50 declining balance per semester. The increase in the predominant room and board plan at Missouri S&T is 4.4% or \$350 for the academic year.

Housing rate increases range from 2.8% to 3.6% with the predominant plan increasing 3.6%. Room rates range from a high of \$7,840 for a single suite to a low of \$3,180 for a traditional triple room. Increases at these levels are necessary to sustain current levels of residential services as well as to adequately fund the University's residence hall construction/renovation master plan.

Missouri S&T's increase in meal plans range from 5.8% to 6.0% with the predominant plan increasing 6.0%. The same seven meal plans will be available in FY2013 but there are increases in each plan for declining balance dollars. Meal plans at MS&T ranging from a high of \$3,290 per academic year for 19 meals per week and \$65 declining balance per semester to a low of \$1,455 for 5 meals per week with \$160 declining balance per semester. Missouri S&T uses a third party vendor for dining services and the rate increases reflect the inflationary adjustments required in the contract.

Total capacity for FY2013 will remain flat at 1,760 beds or 93%. A portion of student housing is being represented by a leased apartment complex. Housing system revenues increase by 3.9% and expenditures and transfers are anticipated to increase by 3.9%. Expenditure assumptions made include 2.0% compensation increase and 3.8% increase in other expenses including utilities. Mandatory transfers for debt service increase by 7.4%. FY2013 Housing System budgets with these assumptions are basically in balance.

At **UMSL**, the predominant room and board plan for FY2013 will increase \$268 or 2.9% and costs \$9,520 per academic year. The predominant plan consists of a single room in Oak Hall and a 100 block meal plan plus \$350 declining balance per semester.

Housing rates increased on average of 3.0% or CPI in FY2013 for Oak Hall. This increase is required to cover increasing operating costs. Total residence hall capacity remains unchanged at 501 beds. 418 of these beds are in Oak Hall which is designed for students 22 years old and under. Villa Hall contains 60 bed spaces for students which are older than 22. There are a total of 23 beds in Villa North of which are all reserved for optometry students. Villa rates will remain flat. Occupancy continues to be a problem in the residence halls but is anticipated to increase slightly to 71% in FY2013. Housing options range from a high of \$6,490 for a single room in Oak Hall to a low of \$4,048 for a double room in Villa Hall

UMSL's meal plans are contracted with a food service provider. Four meal plans are offered and range from a high of \$3,490 for 200 meals with a \$150 declining balance per semester to a low of \$3,030 per academic year for a 100 meal block with a \$350 declining balance per semester. Meal plan costs will increase 2.7%.

Housing system revenues are anticipated to increase by 2.9% or \$135,000. Expenditures will increase approximately 2.7% overall with 2.2% increase in compensation and 3.0% increase in utilities. Transfers remain flat for a net increase in expenditures and transfers of 1.4% resulting in a slight decline in net assets.

## **Family Housing**

The approved increases in rates for family student housing are 3.6% to 4.4% at **MU**, 2.8% to 3.2% at **Missouri S&T** and no increase at **UMSL** for the FY2013 academic year. **UMKC** does not offer family housing.

## UM-St. Louis, Changes in Housing Contracts (continued)

Note: University Park Apartments are no longer a part of family student housing.

## **Capacity and Occupancy**

Residence hall capacity is planned to decrease by 2.9% or 300 beds for the fiscal year 2013. **MU** has 300 less beds for FY2013 due to Mark Twain Hall being off-line during fiscal year 2013 because of renovations. **UMKC**, **Missouri S&T** and **UMSL** have no change in their capacity. The combined campus changes bring the capacity to 9,366 beds. Detailed below is the anticipated residence hall occupancy for fiscal year 2013.

|                                      | <u>MU</u> | <u>UMKC</u> | MS&T  | <b>UMSL</b> | <u>Total</u> |
|--------------------------------------|-----------|-------------|-------|-------------|--------------|
| Residence Hall Occupancy             | 6,540     | 834         | 1,636 | 356         | 9,366        |
| Percent of Capacity                  | 97.1%     | 94.3%       | 93.0% | 71.1%       | 94.8%        |
| Change in Occupancy Rate from FY2012 | -0.3%     | -4.7%       | 0.0%  | 0.6%        | -0.6%        |

The apartment capacity remained unchanged from FY2012 and the occupancy rates are anticipated to decrease by -2.0% for FY2013. Expected occupancy rates at **MU**, **Missouri S&T**, and **UMSL** are 93.5%, 85.7% and 85.1%, respectively.

#### **Financial Plans**

Tables 3 - 3d present the housing system financial plans for the system in total and each campus. MU's financial plan shows a balanced budget plan with a 0.7% decrease in revenues and expenditures and transfers for FY2013. Housing rates increase 4.0% depending on the type of housing accommodation. Housing rates reflect the required financial commitment to the Residential Life Master Plan including debt service payments for 11 new and 7 renovated residence halls - over 5,250 beds since 2004. The primary drivers of the housing rate increase are an anticipated 2% increase in compensation, utility rate increases of approximately 6%, and a slight increase in mandatory transfers for debt payments. Reductions in transfers to plant reserves for maintenance and repair were used to balance the budget and keep rates affordable after other cost reduction efforts were exhausted. The decrease in revenues is due to the Mark Twain Dining Hall being off-line for renovations. The overall decrease in expenditures and transfers is due to a recommended increase in utility costs per Energy Management and the reduction to the FY2013 Residential Life transfer to the capital pool. UMKC's financial plans show a balanced budget for FY2013. UMKC's housing revenues are expected to increase by 3.3% or roughly \$186,000. Expenditures and transfers are anticipated to increase by 3.3% or an estimated \$186,000 with assumptions for an overall 2.8% compensation increase, 7.9% increase for utilities, 8.3% increase in repairs and replacements, and 3.0% for increase in other expenses. MS&T's financial plan for the housing system revenues increase by 3.9% and expenditures and transfers are anticipated to increase by 3.9%. Expenditure assumptions made include 2.0% compensation increase and 3.8% increase in other expenses

including utilities. Mandatory transfers for debt service increase by 7.4%. FY2013 Housing System budgets with these assumptions are basically in balance. **UMSL's** financial plan for the housing system revenues are anticipated to increase by 2.9% or \$135,000. Expenditures will increase approximately 2.7% overall with 2.2% increase in compensation and 3.0% increase in utilities. Transfers remain flat for a net increase in expenditures and transfers of 1.4% resulting in a slight decline in net assets. Consolidated revenues for the housing system are projected to increase by 0.5% for FY2013. Combined housing system expenditures and transfers for the campuses are projected to increase by 0.4% for FY2013.

## Table 3a. University of Missouri-MU, Housing System Financial Plans

### Notes:

- 1) Decrease is due to Mark Twain Dining Hall being off-line for renovation during fiscal year 2013.
- 2) Utility increases are recommended by Energy Management.

3) In order to minimize the proposed rate increase, the FY13 Residential Life transfer to the capital pool was reduced. In addition, with Mark Twain Market off-line, the Campus Dining Services transfer to the capital pool will be lower as well.

- 4) Mark Twain Hall will be off-line during fiscal year 2013 due to renovations.
- 5) Multiple units will be off-line due to repairs.

## Table 3b. University of Missouri-Kansas City, Housing System Financial Plans

#### Notes:

- 1) Meal contracts Food Service is not considered a part of Residential Life financial operations.
- 2) Includes mandatory programming fees, laundry commission, allocation, and anticipated summer conference revenue.
- 3) FY13 budgeted at 5% increase in water, a 8% increase in gas, a 12% increase in electricity, and a 2% increase in cable services.
- 4) FY13 reflects \$145,000 in future refurbishing expenses.
- 5) Other Transfers include transfers to capital pool for future building maintenance and repair requirements and building capital reserves replacement plan.

#### Table 3d. University of Missouri-St. Louis, Housing System Financial Plans

Notes:

- (5) FY2013 increase based on salary and wage minimum pool increase.
- (6) Benefits associated with benefit eligible position.
- (7) FY2012 and FY2013 utility decrease associated with campus utility charges being paid through a Transfer for Institutional Support and PM&O.
- (8) FY2012 and FY2013 reflect increases in capital pool charges by the campus.
- (9) FY2012 and FY2013 decreases associated with lower bad debt, maintenance, and professional service expenses.
- (10) Debt on Oak Hall and Mansion Hills properties.
- (11) FY2012 includes a loan payment that matured. FY2012 and FY2013 increase associated with utilities being paid to the campus through Institutional Support and PM&O transfers.
- (12) FY2012 and FY2013 decrease in capacity associated with University Park apartments being taken offline for demolition.

<sup>(1)</sup> Increase associated with the increase in the minimum required board plan cost, under the campus' new food service provider, Sodexo.

<sup>(2)</sup> FY2012 and FY2013 increases associated with an increase in occupancy and room rates.

<sup>(3)</sup> FY2012 and FY2013 decreases associated with a decrease in summer occupancy revenue.

<sup>(4)</sup> Includes campus support for Oak Hall and miscellaneous revenue. FY2012 and FY2013 decreases associated with a reduction in revenue from Conference Services for occupied space.

## Activity, Facility, and Health Service Fee Highlights

Table 4 shows a summary of activity, facility, and health services fees by term for FY2012 and FY2013, while Tables 4a-4d present details of these activity, facility and health service fees by campus. Per semester increases in student activity, facility and health service fees for undergraduate students vary by campus; with fee adjustments ranging from a 2.3% or \$9.90 increase at **Missouri S&T** to a 3% or \$13.80 increase at **UMSL**.

Fees are assessed predominantly on a per credit hour basis with a plateau of 12 credit hours per semester and 6 credit hours for the summer session. However, at MU the graduate and professional student plateau is 9 credit hours per semester and the summer session plateau is 7 credit hours for all students. Some fees are assessed at a flat rate per semester.

At **MU** the student activity fee, recreation activity and facility fee, and the health service fee increased by 2.9% in total or \$11.16 in the fall and winter semesters for undergraduate students. The student activity fee component increased 3.4% or \$5.45 per semester. At MU, Student Activity Fees include fees to fund: Student Government, Student Organizations, Multicultural Student Organizations, Readership Program, Sustainability Program, Sports Clubs, Associated Students, Capital Improvement, Divisional Councils, Transportation System, Student Unions, Student Life, Counseling Center, Jesse Auditorium and the Parking Garage. The Recreation Activity and Facility fee increased 1.8%, or \$2.41 which reflects an inflationary increase on the operations portion of the fee. The Student Health Fee increased by 3.5% or \$3.30. Increases for graduate students are similar with the exception of the activity fee which increased by 3.7% or \$5.10 per semester for a total increase in graduate fees of \$10.81 or 3%. The Chancellor, Provost, Vice Chancellor for Student Affairs and the Student Fee Review Committee support these proposals.

At **UMKC** the total activity, facility, and health service fee increased at 2.9% or \$13.15. The Student Activity fee provides funding for the Student Government Association, Academic Student Councils, student organizations and clubs, and Student Involvement. The Athletic fee supports UMKC's NCAA Division I Intercollegiate Athletics program. Facility fees include the University Center, Student Union, physical plant facility, and the Recreation Facility fee, which funds the Swinney Recreation Center and student intramurals. The Student Health fee provides health services and outreach to students. Fees that will remain flat include the Transportation fee which provides all students with free access to the Kansas City Metro bus system; Collegiate Readership Fee, which provides local and national

newspapers to students, and the A.S.U.M. fee. These fees were shared with, discussed and supported by the Student Government Association.

At **Missouri S&T** activity, facility and health service fees increased by \$9.90 a semester or 2.3%. The Student Activity Fee increased by \$9.90 per semester or 7.6% which is needed to continue the current level of student events and activities. All other fees (Health Service fee, Intramural Facility fee, University Center fee and the Rollamo Year Book fee) will remain flat for the fall and winter semesters. Summer rates will remain flat overall with minor adjustments to the Student Activity fee and the Intramural Facility fee. These changes are based on the student organization needs and determined by Student Council and budgeted needs.

At UMSL the activity, facility, and health service fees increased by \$13.80 per semester or 3%. The University Center fee increased \$5.40 per semester or 4% and will be used primarily to offset building upkeep. The Athletic Fee increased by \$5.40 or 4.3% and was used to offset the increased costs for travel, lodging, mandated officials' fees. The Recreation Facility fee increase of \$1.20 or 3.5% is needed to fund student programming at its current level including facility and staffing costs. The Health Services fee increase of \$0.60 or 1.5% reflects the increased costs of providing services to the students. The Infrastructure fee increase of \$1.20 or 4.2% will fund inflationary costs related to the campus shuttle service. There are no increases recommended for the Student Activity fee, Performing Arts fee, and the Metro Pass Program fee.
