Overview

This document contains the approved rates for student housing, activity, facility, and health service fees for fiscal year 2015 and other supporting materials as submitted by each campus in the University of Missouri System. This information was prepared in support of fee changes that become effective in Summer Session 2014.

The fee proposals were prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes is conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by the Assistant Vice President of Planning and Budget. The appropriate advisory groups, affected students, and/or their elected officers reviewed and approved the activity, facility, and health service fee proposals. Student housing rate proposals were developed with input from the affected students and the Residence Hall Associations. These groups had the opportunity to review, ask questions, and provide comments as the proposed room and board rates and plans were developed.

These rate changes are in compliance with SB 389 (section 173.1003; RSMO) unless otherwise noted. There is only one campus that was slightly above the rate of inflation for required fees, which was 1.5% as of December 2013. Increases in required fees are 1.5% or \$9.00 at **MU**, 1.6% or \$10.50 at **UMKC**, and 1.5% or \$9.50 at **S&T**. **UMSL** has a new comprehensive tuition rate that combines per credit hour tuition rates with activity, facility, and health service fees which are charged to all students. As a result, there will be no separate assessment of activity, facility, and health services fees for **UMSL** in FY2014 and beyond. Table 1 shows a summary of Board approved tuition and required fees and room and board charges for academic year 2015 compared to 2014.

Table 1. University of Missouri Academic Year Resident Undergraduate Student Fees

Notes:

- (1) Based on required fees for a resident undergraduate student at fifteen credit hours per semester for two semesters. Excludes special course fees.
- (2) Predominant plan as submitted by each campus.
- (3) UMSL will no longer be assessing activity, facility and health service fees. They were combined with the tuition rate beginning in FY2014.

Housing System Highlights

Room and Board Contract Rates

Room and board charges vary across the four campuses and within each campus based on the residence facility and meal plan selected by the student. Table 2 summarizes the approved changes in the predominant room and board plans on each campus as well as showing the range of plans available. Based on the predominant room and board plan on each campus, rates increase by 3.3% at **MU**, 2.0% at **UMKC**, 3.1% at **S&T**, and 1.5% at **UMSL**. These increases are driven by various factors that impact housing and dining differently and the campus operations differently including but not limited to utility costs, debt service, food costs, labor costs, and contractual arrangements with third party vendors. Tables 2a - 2d detail the type of rooms and meal plans that are available on each campus as well as the approved rates for each plan.

Table 2. Summary of Housing Contracts, Effective Beginning with the 2014 Summer Session

Room and Board Plans		MU			
		FY2014	FY2015	Increase/ Decrease	Percent Change

Meal Plan Options	Low	3,150	3,198	100 Block Meals - DBD \$350/sem	

- The predominant room and board plan at **MU** costs \$9,070 per academic year for FY2015 and consist of a renovated traditional double room and a dining plan that provides 225 meals per semester (roughly 14 meals per week). There are a wide variety of accommodations and housing facilities to choose from. Housing rates for FY2015 range from a high of \$8,640 per academic year for a single suite open over breaks to a low of \$4,810 for an un-renovated traditional double room. Students choose their own housing assignments and demand is highest for the more expensive options, but lower cost options exist. Three different dining plans are available for students that live on-campus in residence halls and range from a high of \$3,520 per academic year for 275 meals per semester to a low of \$2,660 for 175 meals per semester. Students living on extended campus and off campus have a fourth option of a Mizzou Block 125 + \$430 Prepaid E.Z. Charge in place of the Mizzou Block 175. If approved, the combined room and board contract rate for the predominant plan would increase by \$290 or 3.3% for the academic year.

A key factor in funding the MU Strategic Operating Plan is to attract and retain students. Safe, attractive, and modernized housing facilities significantly aid in the recruitment of new students to MU. Housing rates reflect the required financial commitment to the comprehensive Residential Life Master Plan. Since 2004, 11 new halls have been constructed and nine halls have been renovated for a total of more than 5,000 beds. Johnston Hall is currently being renovated and will open in time to house students this fall. Wolpers Hall and a new residence hall (Virginia Avenue South is the project name) will be under renovation and construction respectively during FY2015. Both halls will reopen in the fall of 2015 (FY16). To meet student needs, extended campus apartment rental will continue. Housing rates also support MU's nationally-recognized living and learning programs which have significantly increased students' academic achievement, retention and graduation for many years.

The requested housing rate increase is 4.0%. An increase to debt service of approximately \$1 million annually will accompany the opening of Johnston Hall in August of 2014. In addition, utility costs, which are 20% of total expenditures for Residential Life, are expected to increase 8%. Campus Dining Services will have additional utility costs beyond the rate increase due to the completion of the Sabai renovation and the Plaza 900 expansion. A 3% salary pool and an expected increase to the flat benefit rate also contribute to the need for increased rates.

In an effort to keep rates as low as possible, Residential Life and Campus Dining Services continue to look for efficiencies and opportunities to reduce costs. For example, dining plan rates are proposed to increase only 2% even though food and labor costs, the primary costs for Campus Dining Services,

are expected to increase 3.0%. The difference is offset by cost reduction efforts and more effective operations such as tray-less dining to reduce food waste, more effective application of inventory management software, menu changes, and savings from vendor contracts. Expenses in Residential Life are also increasing by more than the requested rate increase. Strategic investments in more energy-efficient appliances, which have a higher initial cost but save money over time, are essential to address rapidly increasing utility rates. In addition, changes in cleaning methods and equipment have reduced cleaning times and use of cleaning chemicals while maintaining or improving cleanliness standards. Reductions in transfers to plant reserves for maintenance and repair were used to balance the budget after other cost reduction efforts were exhausted.

Increases in monthly rents for graduate and family student apartments range from 2.6% to 3.3% depending on facility and room type, but will remain well below market rate.

- The predominant room and board plan at **UMKC** for FY2015 costs \$9,451 per academic year and consists of a traditional double room and a 180 block meal plan with \$175 in Flex cash per semester. This is an increase of 2.0% over FY2014. Room rates will increase by 1.5% and Oak Place Apartment rents will increase by 3%. Room rates vary by type of room ranging from a high of \$9,740 for a single apartment to a low of \$6,422 for a traditional double room. Beacon Hill Apartments will open for FY2015 adding additional capacity of 243.

UMKC food service is outsourced to a third party vendor. Meal plan rates will increase by 3.0% per adjustment clauses in the third party contract. Five different meal plans are available ranging from a high of \$3,263 per academic year for a 140 meal block with \$300 in Flex cash per semester to a low of \$2,915 for 12 meals per week with \$175 in Flex cash per semester.

- The predominant room and board plan at **Missouri S&T** costs \$8,810 per academic year for FY2015 and consists of a renovated double room and 12 meals per week plus \$167.50 declining balance dollars per semester. The increase in the predominant room and board plan at S&T is 3.1% or \$265 for the academic year. Housing rate increases range from 2.2% to 3.1% for residence halls and 4.0% for Miner Village apartments. Room rates range from a high of \$8,260 for a single suite to a low of \$3,420 for a traditional triple room.

Increases in meal plans at S&T range from 3.0%-3.1% with the exception of the five meals per week and \$167.50 declining balance dollars plan that increases \$60 or 3.9%. The same seven meal plans

will be available in FY2015 and range from a high of \$3,450 per academic year for 19 meals per week and \$70 declining balance per semester to a low of \$1,590 for five meals per week with \$167.50 declining balance per semester. Missouri S&T uses a third party vendor for dining services and rate increases reflect the inflationary adjustments required in the contract.

- Housing and dining rates at **UMSL** will increase at the rate of inflation or 1.5% on average. The predominant room and board plan for FY2015 will increase \$148 and costs \$9,788 per academic year. The predominant plan consists of a single room in Oak Hall and a 100 block meal plan plus \$350 declining balance dollars per semester.

Housing rates will increase by 1.5% for FY2015. Housing options range from a high of \$6,590 for a single room in Oak Hall to a low of \$4,450 for a small single room in Villa Hall, which is primarily reserved for Optometry and older students.

UMSL's meal plans are contracted with a third party food service provider. Four meal plans are offered and range from a low of \$3,198 per academic year for a 100 meal block with a \$350 declining balance per semester to a high of \$3,680 for a 200 meal block with a \$150 declining balance per semester. Meal plan costs will increase 1.5% per the inflationary clauses in the contract and campus negotiations.

Family Housing

The increases in rates for family student housing are 2.8% to 3.3% at MU, 2.9% to 3.3% at S&T and 0.0% to 1.2% at UMSL for the FY2015 academic year. UMKC does not offer family housing.

Notes:

- (1) Villa Hall double room type will not be an available room option.
- (2) Villa North Honors only option is being converted to the Villa Honors & Optometry housing option.
- (3) Room types being added for FY2015 as available room options during the summer semester. Rates are consistent with the various bath options during the fall and spring semesters.
- (4) FY2015 represents new apartment housing options for student leaders.

Capacity and Occupancy

Residence hall capacity is planned to decrease by 3.5% or 364 beds for fiscal year 2015 due to residence halls under renovation or being closed. **MU** has 49 less beds for FY2015, **S&T** has 315 less beds due to the closing of Quad Complex buildings, **UMKC** and **UMSL** has no change in their capacity. The combined campus changes bring the capacity to 9,905 beds. Detailed below is the anticipated residence hall occupancy for fiscal year 2015.

	MU	UMKC	S&T	UMSL	Total
Residence Hall Occupancy	6,650	849	1,723	399	9,621
Percent of Capacity	98.2%	96.0%	96.6%	85.4%	97.1%
Change in Occupancy Rate from FY2014	4.1%	1.9%	0.9%	-5.5%	2.9%

The apartment capacity is planned to increase by 19.8% from FY2014 and the occupancy rates are anticipated to increase by 13.6% for FY2015. Expected occupancy rates at MU, UMKC, S&T, and UMSL are 99.3%, 87.7%, 96.6% and 92.1%, respectively.

Financial Plans

Tables 3 – 3d present the housing system financial plans for the system in total and each campus. **MU's** financial plan shows a balanced budget plan with a 5.5% increase in revenues and expenditures & transfers for FY2015. Expenditure drivers include a 6.1% increase in compensation due to a combination of a 3% merit pool and a 1% increase in the flat benefit rate, funding to fill several open positions and new required positions. . Cost of goods sold is projected to increase by 3.5% due to a number of factors including food cost, the percent participation in meal plans and the number of meals served. Utilities will increase 11% due to an expected rate increase of 8% as well as the opening of the Sabai Dining hall that is closed in FY2014 for renovation. Other factors for increased expenditures include providing wireless internet connectivity in the remainder of the residence hall, increased cost to lease Extended Campus rooms, and costs for paper goods related to the opening of Sabai and the expansion of Plaza. Mandatory transfers increase of \$17.8 million or 9.8% is due to additional debt payments related to Johnston, Wolpers, and Virginia Avenue South as part of the Residential Life Master Plan. Reductions in transfers to support the FIGS program and to the plant reserves for maintenance and repair were used to balance the budget and keep rates affordable after other cost reduction efforts were exhausted.

UMKC's financial plans show an increase in revenues of 22.4% or approximately \$2.2 million which is mainly due to the addition of Beacon Hill Apartment Building. The expenditures increase of 26.6%

is driven by increases in compensation (18.8%) and utilities (47%). Compensation includes additional personnel and in-kind benefits for resident hall assessments as well as an increase in the flat benefit rate. The utilities increase is due to the combination of a 14% increase in water, a 10% increase in gas, a 10% increase in electricity, a 3% increase in cable services, and the addition of Beacon Hill Apartment Building.

S&T's housing system revenues decrease by 7.1%. Expenditure decreases total 10.4%. Transfers remain flat for FY2015. The decreases are mainly due to the closings of Rayl Cafeteria and all but one building of the Quad Complex. Total residence hall capacity for FY2015 will decrease to 1,783 beds, a 15% decrease. A portion of student housing is being represented by a leased apartment complex.

UMSL's housing system revenues are anticipated to decrease by 3.3% or \$199,000 due to occupancy rates leveling off after obtaining record rates in FY2014. Total expenditures and transfers will decrease slightly by 0.5%.

Percent of Capacity	97.3%	98.9%	99.3%	0.4%

Notes:

- (1) The increase in revenue from meal contracts is due to a 2% increase to the meal plan rates. In addition, we are budgeting a higher occupancy rate, consistent with previous years, in the residence halls. The freshmen class was smaller than expected in FY14 which caused our occupancy rates to be lower than previous years.
- (2) The increase in room revenue is due to an expected higher occupancy rate, consistent with previous years, in the residence halls as well as a room rate increase. The freshmen class was smaller than expected in FY14 which caused our occupancy rate to be lower than previous years.
- (3) Rents from graduate and family housing is projected to be down because we are assuming all 75 units in Manor House will be off-line beginning in January of 2015 for renovation or reuse.

- (4) The FY15 salary budget includes funding for a 3% salary pool and funding to fill several open positions in Residential Life. In addition, the Sabai renovation and the Plaza 900 expansion projects will be completed in time to open in August of 2014. The FY15 budget includes additional staffing for both of these dining locations.
- (5) Benefit costs are expected to increase 7.7% due to increased salaries and an increase in the flat benefit rate.
- (6) The in-kind room and board budget is used to compensate many student staff members who live and work in the residence halls. Beginning in FY15, student desk supervisors will be compensated with room and board waivers instead of being paid through payroll. Higher room rates also impact this expense.
- (7) Cost of goods sold is projected to be up slightly due to a number of factors including food cost, the percent participation in meal plans and the number of meals served. Some of the increase in cost of goods sold is offset by savings realized through reduced food waste, more efficient application of inventory management software, menu changes, and savings from vendor contracts.
- (8) The increase in utility costs is due to an expected rate increase of 8% as well as the opening of Sabai Dining hall that is closed in FY14 for renovation.
- (9) The increase to other expenses is due to a variety of factors including providing wireless internet connectivity in the remainder of the residence halls, a projected increase in the cost to lease Extended Campus rooms, as well as costs such as paper goods related to the opening of Sabai and the expansion of Plaza.
- (10) The increase to mandatory transfers is due to additional debt payments related to Johnston, Wolpers, and Virginia Avenue South as part of the Residential Life Master Plan.
- (11) In order to keep room and board rates as low as possible, transfers from Residential Life to support the FIGS program and budgeted transfers to the capital pool were reduced. We are optimistic that we will be able to return to the full level of funding based on our history of strong fiscal performance. However, at this time we are conservatively budgeting the lower amounts recognizing that any surplus at year end will be shared by those two categories.

Notes:

FY15 Includes the addition of Beacon Hill Apartment Building resulting in changes in all categories except room contracts.

- (1) Meal contracts - Food Service is not considered a part of Residential Life financial operations.
- (2) Includes mandatory programming fees, laundry commission, allocations, and anticipated summer conference revenue.
- (3) Increase in in-kind room expense for RAs reflected for FY14, not paid in the past due to Provident ownership
- (4) FY15 budgeted at 14% increase in water, a 10% increase in gas, a 10% increase in electricity, and a 3% increase in cable services. The increase also includes the addition of Beacon Hill Apartment Building
- (5) FY15 Proposed capital projects Google Fiber, recoring of building and floor repair
- (6) FY15 Apartment occupancy is adjusted due to projected 70% occupancy at Beacon Hill.

Notes:

- (1) FY2014 reflects a significant increase in occupancy rates which increased room, apartment, and board plan revenues. FY2015 figures are based on occupancy rates leveling off which decreases room, apartment, and meal revenue for the year.
- (2) Includes Student Affairs equity for Oak Hall support and miscellaneous revenue.
- (3) FY2014 and FY2015 reflects expected merit increases.
- (4) FY2014 and FY2015 benefit increases are associated with merit increases and potential benefits for variable hour employees.
- (5) Includes cable expenses for residential facilities and utilities for vacant and all-inclusive apartments.
- (6) Capital pool charges paid to the campus.
- (7) Includes cost of goods sold, communications, administrative expenses, supplies, maintenance, and other miscellaneous expenses. FY2014 and FY2015 increases associated with increased cost of goods sold related to more board plan
- (8) Debt service for Oak Hall and Mansion Hill.
- (9) Full costing charges paid to the campus.
- (10) FY2015 decrease associated with the expectation that occupancy figures will level off after obtaining record occupancy rates in FY2014.
- (11) FY2014 and FY2015 reduction association with Villa North being offline.
- (12) In previous years board documents were based on the number of apartments owned instead of the number of beds available for occupancy. FY2013-FY2015 reflect the number of beds available for occupancy in the Mansion Hill apartment complex.

Activity, Facility, and Health Service Fee Highlights

Table 4 shows a summary of activity, facility, and health services fees by term for FY2014 and FY2015, while Tables 4a-4c present details of these activity, facility and health service fees by campus. Per semester increases in student activity, facility and health service fees for undergraduate students vary by campus; with fee adjustments ranging from a 1.4% at **S&T** to 1.5% at **MU** and **UMKC**.

Fees are assessed predominantly on a per credit hour basis with a plateau of 12 credit hours per semester and 6 credit hours for the summer session. However, at **MU** the graduate and professional student plateau is 9 credit hours per semester. Some fees are assessed at a flat rate per semester.

At **MU** the student activity fee, recreation activity and facility fee, and the health service fee increased by 1.5% in total or \$6.11 in the fall and winter semesters for undergraduate students. The student activity fee component increased by 1.6% or \$2.64 per semester. At **MU**, student activity fees include fees to fund: student government, student organizations, multicultural student organizations, readership program, sustainability program, sports clubs, associated students, capital improvement, divisional councils, transportation system, student unions, student life, counseling center, Jesse auditorium and the parking garage. The recreation activity and facility fee increased by 1.4%, or \$1.98. The student health fee increased by 1.5% or \$1.49. Graduate and professional fees increased by 1.7% or \$6.44. This includes a 2.0% increase in the student activity fee, a 1.4% increase in the recreation activity and facility fee and a 1.5% increase in the health service fee.

At **UMKC**, total activity, facility, and health service fees increased 1.5% or \$7.36. The Student Activity fee provides funding for the student government association, academic student councils, student organizations and clubs, and student involvement. The athletic fee supports **UMKC**'s NCAA Division I intercollegiate athletics program. Facility fees include the university center, student union, physical plant facility, and the recreation facility fee, which funds the Swinney Recreation Center and student intramurals. The student health fee provides health services and outreach to students.

At **S&T**, activity, facility and health service fees increased by \$6.10 a semester or 1.4%. The student activity fee increased \$2.70 per semester or 1.9%. The health service fee increased by \$1.00 or 1.0%. The university center fee increased by \$1.40 or 4.4%. Intramural facility fee increased by \$1.70 or 4.2%, university center debt fee remained flat and the Rollamo yearbook fee decreased by \$0.70 or 7.8%.

These changes are based on the student organization needs and determined by Student Council and budget needs.

In an effort to simplify fees for students and their families, the **UMSL** campus adopted a comprehensive base tuition rate that would combine per credit hour tuition rates with activity, facility, and health service fees which are charged to all students. The campus will no longer assess their activity, facility and health service fees separately.
